Engineering Estimator Position

Shea Concrete Products currently has openings for Engineering Estimators at all four of our locations. Positions available for interns and full time employment.

Job Description Summary

Engineering Estimator is responsible for assisting customers by providing technical solutions, generating drawings, handling customer inquiries and orders, and then facilitate orders through the production and delivery process. Must be able to work accurately and quickly under pressure due to the time restraints associated with the position.

Duties include:

- Drafting capabilities using AutoCAD to generate submittals and production drawings
- Reading plans to produce takeoffs and generate estimates and orders
- Generate sales quotes and orders
- Communicate with customers regarding orders, submittals, production, and delivery
- Follow order through production to delivery in order to provide a seamless customer experience

Requirements:

- Bachelor's Degree or equivalent combination of education and/or experience
- Good communication skills, both verbal and written
- Proficient with computer
- Proficient in Microsoft Office Programs (Word, Excel, Outlook) and AutoCad (or Solid Works)
- Self-motivated, disciplined, organized and maintain a professional demeanor at all times
- Able to manage multiple jobs running at various stages
- Enthusiastic, confident individual with a desire to work hard
- Strong attention to detail
- Capable of lifting and carrying 20lbs

About Shea Concrete Products:
